

PCLIA Membership Form 2024

Portage-Crooked Lake Improvement Association

If your current *Shoreline* mailing label indicates a date less than 2024 it's time to renew your membership. If your current Shoreline reads "0000" or has no number we invite you to become a new member of the PCLIA.

REQUIRED INFORMATION

*Property Owner Name(s)

*Lake Address

Newsletter delivery:

We urge you to consider receiving *The Shoreline* electronically. The cost of printing and mailing is about \$4.00 per newsletter (about \$16.00 annually per member). There is no cost sending it electronically. You will still receive a printed Oct/Nov edition.

Electronic (Make sure we have your updated email address)

OR

Paper

If you wish to contribute to and support a certain fund or funds, just add the extra amount to your dues total.

NEW MEMBERSHIP OPPORTUNITIES

The main purpose of the PCLIA is to preserve and improve the condition and the quality of our lakes and surrounding area. In an effort to achieve this mission we have created some new ways to support our cause financially in the face of existing and new challenges.

Introducing New Membership Levels

New membership levels have been established.

New Membership Levels

General	\$35
Bronze	\$135
Silver	\$250
Gold	\$500
Platinum	\$1000 +

Those donating at or above the Bronze level will be recognized in a future newsletter and on the PCLIA website. You have the option to remain confidential.

You have the option to earmark your donation on the membership form to specify how you would like your donation used.

Introducing Friends & Family Membership

Additionally, we are announcing a new **\$25 Friends and Family Membership**. This non-voting membership is a way for those who use your lake home to show their appreciation by donating to our organization. Many guests of association members who enjoy the benefits of our beautiful chain of lakes have expressed interest in helping to support our mission. These members will receive the electronic version of our newsletters and informative email updates.

Help Us Save Money with Emails and Electronic Newsletters

We urge you to give the PCLIA your updated email address. Doing so gives us a significant financial savings and a means to more efficient communication with our members.

Financially, it's free to send *The Shoreline* electronically, compared to \$4 to print and snail mail a single hard copy.

Giving us your email information also benefits our ability to better communicate. There are times we would like to and need to get information out to everyone on the lakes. An email blast is the most efficient way to do that.

Not to worry, all emails sent out by the lake association go out as a blind carbon copy, therefore you will never see other members' email addresses, and they will not see yours. The PCLIA does not give email addresses to any outside sources.
